

# FULL IP/SIP AUDIO VIDEO ACCESS INTERCOM AND INTERCOMMUNICATION **NEW GENERATION**

A pioneer in IP intercom solutions, CASTEL upgrades the XELLIP range. More than a new design, technological developments and advanced features.

STANDARD QUOTES AND SCHEMATIC (SEE PAGES 44-45)

IP audio video access intercom compliant with disability regulations (DDA)
Audio video intercommunication (various IP communications networks)
Remote control release
Audio conferencing, group calls, general calls
Call overflow, call forwarding, call transfer, voice messaging, answerphone, automatic hang-up, privacy mode, do not disturb, call waiting, priority call,
presence detection functions, etc. are available
Time programming by profile (call and directory)
Audio video backup
PoE / PoE+ power supply
Optional: WiFi

SOS

FP'4

170°

Station for help point - refuge area

#### Style and durability

#### Hi-Fi sound quality

- > 10 W power

#### Native Full IP / SIP

#### **Full connectors**

- > 2 inputs / 2 relays

#### Total intercommunication

### Main applications

Access intercom (tertiary industry buildings and industrial sites, HGV access points for logistics sites, office access, emergencies, etc.), Smartphones mobile intercom, assistance intercom (secured waiting rooms, help points, car parks, motorway toll booths, transportation, etc.), service intercommunication, customisable intercom, prisons intercom (cell, security and access intercom, counter intercom, visiting rooms intercom, etc.), medical sector intercom (operating theatres, etc.), and many other customised applications.

# Main benefits

#### HD video quality

> Colour video camera (1280x800) > Wide angle (170° horizontal - 100° vertical) > Removable camera window for easier maintenance (patented system)

> Design combining modernity with simplicity > Designed for the most demanding environments: IK 09, IP 66 (depending on the model)

> Full Duplex communication > Noise and echo cancelling system (DSP) > 16 kHz sampling frequency > Mechanical, acoustically optimised design

> 1 single network cable (RJ45) for managing audio, video, data and power supply (PoE / PoE +)

> 2 RJ45: switch function, bus IP architecture, network loopback > WiFi connection (optional) > USB Port: external camera > RS485: input / output modules

> Between the different stations over an IP network using the SIP protocol > Via a direct SIP link - Stand Alone > Or through an SIP Castel server or an IPBX

View the Xellip range video presentation

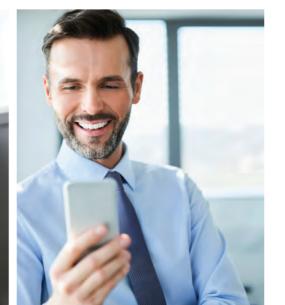

Castel SIP application

Supervision of communications, access control, technical alarms, etc.

# Entry station with Bluetooth reader

#### **XE DESK-SCREEN V-P**

Audio video Full IP/SIP master station REF 500.2600

- > 4.3 inch TFT touch screen
- > Built-in colour video camera
- > Numerical keypad and functions keys
- > 4 programmable function keys
- > ABS case, wall-mounted or desktop stand (zamac) > IP40 rating
- > PoE power supply (or optional external power supply)
- > H 255 mm x W 127 mm x D 47 mm (with desktop stand H 255 mm x W 127 mm x D 155 mm)

#### **XE HANDSET-SCREEN V-P**

Handset version REF 500.5600

#### **SHASTER STATIONS BUILD-IN VERSION**

#### **XE PLATINE-SCREEN**

Audio video Full IP/SIP master station build-in version REF 500.9260

- > Stainless steel 316 L vandal proof front panel
- > 4.3 inch TFT screen
- > Numerical keypad and functions keys
- > 6 programmable function keys
- > Integrated induction loop
- > IP64 IK07 rating
- > PoE power supply (or optional external power supply) > H 260 mm x W 310 mm x D 2 mm
- (flush-mounted with flush box D 60 mm)

**EXTENSION 20 BP** 

20 additional function keys for XE PLATINE-SCREEN REF 500.9270

> SIP Protocol > The most common audio and video codecs (G711, G722, G729, GSM, H263, H263+, H264, etc.)

Multi-support call reception > Dedicated master stations and monitors

- > SNMP V2 / V3
- > RTSP

#### Easy and user-friendly web interface

> For remote configuration of the stations and the servers

> Smartphones and tablets (using the Castel SIP application) > PC Softphone (SIP audio video reception interface) > SIP phones, GSM, DECT, analog phones, etc.

Interoperability with the Security ecosystem

#### A wide range adapted to different environments

- > Desk master station or stainless steel build-in version
- > Reception monitors
- > Audio-video entry stations with call buttons, names scrolling, keypad
- > Waterproof disinfectable stations
- > Audio-video integration kits
- > Entry stations with access control reader Mifare, Desfire, Bluetooth, etc.

#### A solution that complies with laws relating to accessibility for disabled people (DDA)

- > Wide angle, colour video camera
- > Pictograms for disabled people, viewed with coloured LEDs
- (or directly on screen according to the models)
- > Sound damping messages
- > Integrated audio induction loop
- > Keypad with Braille buttons

#### **XE DESK-GRAPH-P**

Audio Full IP/SIP master station REF 500.2000

- > Graphic display 128x64 backlighting
- > Numerical keypad and functions keys > 4 programmable function keys
- > ABS case, wall-mounted or desktop stand (zamac)
- > IP40 rating
- > PoE power supply (or optional external power supply)
- > H 255 mm x W 127 mm x D 47 mm (with desktop stand H 255 mm x W 127 mm x D 155 mm)

**XE HANDSET-GRAPH-P** Handset version REF 500.5000

#### **XE PLATINE-GRAPH**

Audio Full IP/SIP master station build-in version REF 500.9200

- > Stainless steel 316 L vandal proof front panel
- > Graphic display 128x64 backlighting
- > Functions keys
- > Integrated induction loop
- > IP64 IK07 rating
  > PoE power supply (or optional external power supply)
- > H 280 mm x W 130 mm x D 2 mm
- (flush-mounted with flush box D 47 mm)

#### **\* MASTER STATIONS FOR MEDICAL SECTOR**

Audio Full IP/SIP waterproof disinfectable master station REE 540.4000

- > Graphic display 128x64 backlighting
- > Numerical keypad and functions keys
- > 4 programmable function keys
- > Disinfectable polyester front panel

**XE MED-P** 

- > IP64 IK07 rating
- > PoE power supply (or optional external power supply)
- > H 280 mm x W 130 mm x D 4 mm (flush-mounted with flush box D 47 mm) H 282.5 mm x W 132.5 mm x D 65 mm (surface-mounted with optional XEKMED surface box)

#### **XE MED 4B** Audio Full IP/SIP waterproof disinfectable master station

- with 4 buttons REF 540.4300
- > 4 programmable function keys
- > 2 buttons (call management) > Disinfectable polvester front panel
- > IP64 IK07 rating > PoE power supply (or optional external
- power supply) > H 280 mm x W 130 mm x D 4 mm
- (flush-mounted with flush box D 47 mm) . H 282.5 mm x W 132.5 mm x D 65 mm (surface-mounted with optional XEKMED surface box)

#### **XE MED V4B SCREEN**

Full IP/SIP waterproof disinfectable with 4 buttons and two-way video master station REF 540.4600

- > TFT color 4.3 inch screen
- > Built in color video camera
- > 4 programmable function keys
- > Disinfectable polyester front panel > 3 leds DDA compliant
- > Integrated induction loop
- > IP64 IK07 rating
- > PoE power supply
- (or optional external power supply) > H 280 mm x W 170 mm x D 4 mm (flush-mounted with flush box D 47 mm) H 282.5 mm x W 172.5 mm x D 65 mm

(surface-mounted with optional surface box)

## **RECEPTION MONITORS** SMALL OR MEDIUM SERVICES / OFFICES

#### **XE MONITOR-P**

Audio video Full IP/SIP reception monitor REF 500.8000

- > 7 inch TFT touch screen
- > 4 function keys
- > ABS case, wall-mounted or optional desktop stand
- > IP40 rating
- > PoE power supply (or optional external power supply)
- > H 169 mm x W 210 mm x D 36 mm
- (with desktop stand H 195 mm x W 210 mm x D 170 mm)

#### **XE MONITOR CCTV**

Audio video Full IP/SIP reception monitor with external IP cameras display

#### REF 500.8100

- > 7 inch TFT touch screen
- > 4 function keys
- > External IP cameras display > ABS case, wall-mounted or optional desktop stand
- > IP40 rating
- > PoE power supply (or optional external power supply)
- > H 169 mm x W 210 mm x D 36 mm
- (with desktop stand H 195 mm x W 210 mm x D 170 mm)

#### \* AUDIO VIDEO INTERCOM XELLIP RANGE

#### **WINTERCOMS WITH ACCESS CONTROL BI UFTOOTH READER XELLIP RANGE**

CASTEL has developed intercoms with built in readers associating the latest Mifare® contactless chip technology and a Bluetooth authentication using Smartphones. This solution integrates virtual access cards in Smartphones, improving the access control security as well as feeling more instinctive.

Your Smartphone becomes the access key, giving up the traditional access control constraints.

Starting up is fairly simple, swiping one of the three included configuration cards in front of the reader

Those three configuration cards allow you to select one of the three different modes according to vour needs.

the reader.

# <u>III</u>

TAP TAP MODE: By tapping your Smartphone twice in your pocket for near or remote opening.

By placing your Smartphone in front of
